

Member in Need?

No more forms!

Now it's easier than ever to make a referral to *Labor's Community Services' Helping Hands Program*

No more phone tag!

Just call our
NEW referral number:

503-235-5686

Making a referral to Labor's Community Service Agency's "Helping Hands" temporary hardship program for out-of-work Union members just got easier!

No more faxing!

Beginning **June 1, 2010**, you won't have to fill out a form, you won't have to ask your member to call us back. No paperwork to complete, no fax to send.

No guessing as to whether funds are available!

No more guessing!

When you call the Helping Hands referral line, you'll hear a recorded message that notifies you of the program's status. When funds are available, just follow the recorded directions for making your referral. We'll call your member and conduct an application interview to determine if they qualify.

It's our privilege to help your members in times of need. We hope our new referral system makes a difficult task a little easier for you and your members.

Thank you for your patience and support!
